Mr. Mike Goodno  
Bicycle Program Specialist  
District Department of Transportation  
Transmitted Electronically

Dear Mr. Goodno,

At a duly noticed public meeting held on November 4, 2015, with a quorum present, ANC 1C passed the following resolution:

ANC1C supports the proposed contra-flow bike lane on Ontario Road NW from Columbia Road NW to Euclid Street NW. However, ANC1C calls on DDOT to install pavement reflectors (or some other similar physical barrier) to separate the bike lane from the traffic lane. Further, ANC1C notes that the pavement on this block is in very bad condition, and therefore ANC1C urges DDOT to repave this block prior to striping the bike lane, for the safety of bicycle and vehicular traffic.

Sincerely,

Billy Simpson  
Chair, Advisory Neighborhood Commission 1C
